map faife My project needs my main file to be this:

F:\GameDev\DosGames\CallOfDutyModernWarfare2SinglePlayerMapFaife\MapA.cs The file exists. The file does not exist. What am I doing wrong? A: It would be helpful to have some information about where you are trying to access the file and what you are using to build your project. Are you using Visual Studio? If so, what version? I have an example project that uses TFS and it is built correctly. Please see below. Please note that I have the folder structure like you mentioned:

"F:\GameDev\DosGames\CallOfDutyModernWarfare2SinglePlayerMapFaife\MapA.cs" Please try to follow the folder structure exactly. I haven't tested your folder structure and it could be that is causing the error. I have removed these lines from my code: `string MapA = Path.Combine(@"F:\GameDev\DosGames\CallOfDutyModernWarfare2SinglePlayerMapFaife", "MapA.cs"); StreamWriter MapA = new StreamWriter(MapA);` I also changed the path to: `string MapA = Path.Combine(@"F:\GameDev\DosGames\CallOfDutyModernWarfare2SinglePlayerMapFaife\MapA.cs");` I have moved my

ClassLibrary project to a separate ClassLibrary.csproj file and deleted the Build Action: EmbeddedResource. The rest of the code was running fine. Please let me know if this works for you. SeaWorld Inc. has agreed to settle its legal woes with a pair of environmental groups by dropping its bid for a massive expansion at the San Diego park that would have featured orcas bred in captivity. The federal judge who had approved the project will hear arguments from environmental groups Monday on whether to cancel it. SeaWorld's move to kill its proposed penguin-breeding facility and return the Orca Quest exhibit to a more natural setting was a major victory for animal-rights groups. The company agreed to "reconfigure the exhibit and keep the breeding program open in a 82157476af
